SOIL VAPOR EXTRACTION ACTIVITIES AT SITES 2 AND 3 - PJL 013 95

Action Request notification if Soil Vapor Extraction activities on Sites 2 and 3 cannot be stopped

It is EG&G Rocky Flats Inc s understanding that the verbal agreement reached with the Colorado Department of Public Health and Environment and the Environmental Protection Agency regulators on February 16 1995 to forego further soil vapor extraction activities at Sites 2 and 3 is effective immediately Specifically this eliminates the air permeability testing that EG&G Rocky Flats Inc was directed to perform by the Department of Energy The budget for testing will be reallocated for Accelerated Action

If this does not meet with your approval or if you have any questions please contact Pete Laurin at extension 8702
